Eye Associates of Washington D.C., P.C.

Financial Policy

___At Eye Associates of Washington DC, we are committed to providing you with the highest level of service and quality care. If you have medical insurance, it is your responsibility to provide our practice with your insurance information to help you receive your maximum allowable benefits. However, all financial liability rests with the patient. Please have your photo identification and current insurance information available at your visit to ensure that your claim can be processed promptly.

Insurance Companies and Non-Covered Services

Our office participates with many major insurance companies. It is a patient's, parent's, guardian's responsibility to:

- Be familiar with the benefits of your plan, including co-pays, co-insurance and deductibles.
- It is your responsibility to find out from your insurance company whether or not the insurance company will cover the service provided.
- Bring all of your current insurance cards to all visits
- Provide our practice with current information including address, phone numbers and employer.
- In accordance with your insurance contract, you must be prepared to pay your co-pay and or deductibles at each visit.

We accept cash, checks and all major credit cards for service.

- Evaluation and purchasing of contact lenses are frequently not covered by insurance companies. Full payment is due when contact lenses are ordered.
- Most insurance companies, including Medicare, do not cover a refraction. Our office fee for a refraction is \$65.00. This fee is collected at the time of your visit in addition to any co-payments and/or deductibles.
- We provide medical, surgical and cosmetic ophthalmologic care to our patients, and while we also provide routine eye exams to our patients with no medical complaints, we do not accept ANY vision plans or bill health insurance for these routine exams. You may submit a claim to your insurance to try and seek reimbursement for routine services. Our charges are available upon request.

*If you do not have a medical complaint you will be financially responsible for all charges at the time of service.

Outstanding Balances:

We appreciate prompt payment in full for any outstanding balance. If your account is turned over to a collection agency, you agree to pay fees imposed by the collection agency in order to collect the overdue amount. Any check payments that do not clear the bank will be subject to a \$25.00 returned check fee.

Referrals

If you have a managed care plan that requires a referral to see a specialist, you must obtain a referral in order for your visit in our office to be covered under your medical insurance. If you do not have the valid referral and still wish to be seen, you will be asked to sign a waiver and pay for the visit prior to your examination.

Refractions

If you receive a prescription for glasses or contact lenses you will be charged \$65.00, which is payable at the time of the visit.

Forms

There is a charge for completing various forms, including DMV vision forms. Pre-payment is required for completing forms, or for any extra written communication by the doctor.

Common Fees

SERVICE	CHARGE	PAYABLE
Refraction	\$65.00	At time of service
Rapid Viral Test	\$40.00	At time of service
DMV Vision Form	\$30.00	Upon acceptance of form
Disability Form/ Doctor Letter	\$40.00	Upon acceptance of letter
Self-Pay Patients		At time of service
Non Covered Services		At time of service
Cosmetic Services (Botox®, Dermal fillers, Surgery)		At time of service/ 2 weeks prior to surgery
Premium Cataract Lenses		2 weeks before surgery
Deductibles		At time of service
Medical Record Copying Fee	Variable	At time of service

Minors and Dependent Patients

For all services rendered to minor/dependent pains, we will look to the parent or guardian accompanying the patient. In cases of separation or divorce, when presenting insurance cards for a dependent enrolled under a subscriber other than you, please be prepared to supply their name, address, phone number, date of birth and social security number.

Your signature indicates that you have read, understand and agree to the financial responsibilities, policies and procedures in our office.

Patient Dilation Consent Form

INFORMATION REGARDING DILATING EYE DROPS

Dilating drops are used to dilate or enlarge the pupils of the eye to allow the doctor to get a better view of the inside of your eye and check for any problems that can occur due to the following:

- **Systemic Diseases**, such as Diabetes, High Blood Pressure, Cancer, etc. that can affect the eyes without obvious symptoms to the patient.
- **Physical Changes** in your eyes, such as cataracts, glaucoma, retinal detachment, etc. that can affect your vision.

Dilating drops frequently blur vision for a length of time which varies from person to person and may make bright lights bothersome, reading things up close difficult. This may last for many hours. Because driving may be difficult immediately after an examination, it's best if you make arrangements not to drive yourself.

Adverse reaction, such as acute angle-closure glaucoma, may be triggered from the dilating drops. This is extremely rare and treatable with immediate medical attention.

I hereby authorize the doctors of Eye Associates of Washington D.C. and/or their ophthalmic technologists as may be designated by him/her to administer dilating eye drops. The eye drops are necessary to diagnose my condition.
